To Whom It May Concern,

Our company sought the services of Katy Paint Pros recently to paint most of the wall space in our 20,000 square foot building, including two 2-story cathedral ceilings. They did a *very* nice job. Jason Stockton was at all times professional in every aspect. He anticipated things we didn't think of at first, but that were very helpful. Their prices were very competitive as well. When we had questions, concerns or requests, they were always very prompt to respond. Additionally, they honored our every request to only work during certain hours and on certain days. We certainly appreciated their willingness to be flexible in this regard. They completed the project early, and came in under budget, which we also very much appreciated.

It is my pleasure to recommend for your consideration Katy Paint Pros for your painting needs.

Sincerely,

Pam Whitfield
